Will Stage Musical At L-W

Lincoln-Way High School music students are in rehearsal now for a musical comedy, "The Boy Friend," which is to be staged May 2, 3 and 4 in the school auditorium.

Tom D. Olson and Randolph Kummer have the job of producing and directing and from a quick look at some of the rehearsals they are doing very well at it.

"The Boy Friend" was originally a British production, a spoof on the so-called Roaring Twenties. The girls in the cast have tuned their voices up at least an octave in their speaking parts. All movies and plays dealing with the 1920's for some undisclosed reason have the gals talking in high pitched tones and "The Boy Friend" is no exception.

There are 110 students in the cast and crew and more than 175 costumes shipped all the way to the Indian country from Boston, will be used in the production.

There is a plot, of sorts -- one of those rich-girl-rich-boy posing as working people things -- but no one ever went to a musical under the impression that it was drama or carried a message. It's the music and the girls-girls-girls that draw people thru the turnstiles. There are boys too, so the girls have someone to dance with and someone to sing with but sometimes one wonders are they really necessary.

New Mokena Library Board Is Organized

The newly elected board of the Mokena Library District was organized last week. The old board wound up its business with the canvass of the election returns, after which the new board was declared duly elected and it took over the affairs of the library.

Gordon Holleman was elected chairman by the new board and Mrs. Fred Lehmann was chosen secretary. Clarence Miller, the only member of the old board who sought re-election was named treasurer.

Inasmuch as this was the first election in the life of the library district -- the first board was appointed by Circuit Judge Michael Orenic -- the members drew lots to determine the length of their terms. The full term on this board is

six years.

In the drawing Mrs. Lehmann and Miller drew the six year terms, Holleman and Rita Schilling will serve four years and Helen Sippel and Kathleen O'Hara two years.

From now on two members will be elected every two years as terms expire.

Regular meeting night of the library board is the fourth Tuesday of each month but the meeting slated for May 28 will be held May 21 to fit in with the schedule of Charles B. DeYoung, director of the Burr Oak Library System (headquarters in Joliet). Mr. DeYoung is to discuss library affairs with the board. Municipal, town and district libraries for the most part are members of the library system. Such membership entitles them to the use of books and material from the system centers as well as state aid. Mokena library is part of the Burr Oak system.

Mokena Youth Joins Angus Association

This new junior membership entitles the member to register purebred Angus at regular membership rates and to the privileges of the Association until the age of 21. At that time junior members are eligible to convert to lifetime memberships in the Association.

There were 230 young people in the United States to receive junior memberships last month.

Lincoln-Way Musicians Again Win Sweepstakes!

Winning Sweepstakes in state competition is becoming a habit with the Lincoln-Way High School music department, a habit it hopes to continue.

The latest triumph came last Saturday at Plainfield, where the vocal and instrumental solos and ensembles scored impressively in the finals to pile up 226 points to take the coveted Sweepstakes Award.

To acquire points all of the musical organizations at the school must make high scores in their competitive appearances.

When the Lincoln-Way groups reached Plainfield they were carrying a bit of a handicap, a deficit of eight points lost in the band and chorus contests at Thornton High School March 16.

At Thornton the band won a "superior" rating and the Mixed Chorus, Girls Chorus and Boys Chorus were marked "excellent" for a total of 46 Sweepstakes points.

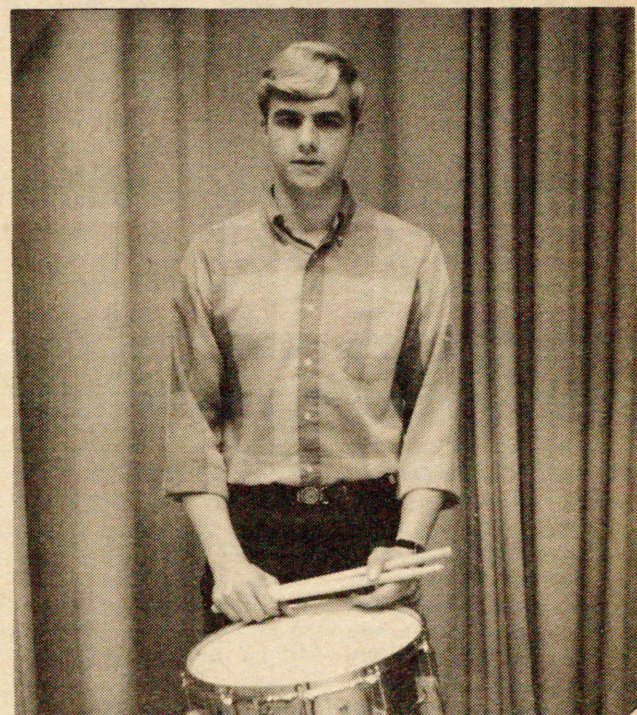

But last Saturday all were clicking. More than 83 per cent of the solo and ensemble entries from Lincoln-Way were rated "superior" which gave them a total of 180 points for a grand total of 226.

It was a long tense day for everyone present, the kids, the directors -- Robert Taylor, head of the music department and the band; Tom D. Olson, director of choral music, and Randall Kummer, assistant and director of the dance band -- and the parents who accompanied the musicians. It's the waiting that frays the nerves -- waiting for the judges to make their decisions and waiting for totaling of the scores.

Herscher High finished second in the Sweepstakes with 176 points and Crete-Monee was third with 118 among Class A schools.

The 226 points amassed by Lincoln-Way sent that contingent home a happy lot. It was the fifth time in seven years that Lincoln-Way has brought home the Sweepstakes Award.

Vocal solo superior ratings were earned by Sue Dralle and Judy Kalkbrenner

in the high voice category; Pat Lauffer, medium voice; Barbara Richardson, low voice and Jim Lang, tenor.

Instrumental solo superior rating winners were: Steve Moore, French horn; Dave Franzen, baritone; Dean Minuth and Bill Goetschel; Lee Warner and Arnold Gregory, trombone; Richard Robinson, trumpet; Steve Barnes and Dana Jones, clarinet, and Jennifer Otto, oboe.

Dean Minuth, senior percussionist, not only carried off high honors with his performance but after going flawlessly thru a demonstration of rudiments and sight reading, he played a difficult solo that he had composed himself.

He received a perfect

It's Time For Daylight Time Again

There's really no hurry but when you go to bed this Saturday night remember to set your clock ahead and be prepared to lose another hour of sleep.

Yes, it's that time again. Daylight saving time when an hour of sleep is sacrificed that gardeners, golfers and picnickers may enjoy their hobbies longer.

No one has ever figured out how many man hours of sleep have been lost -- and lost it is because no one goes to bed an hour earlier when clocks are turned back in October -- but now they surely must have computers to feed other computers and get this information put down in the record books. This daylight time has been going on for a long time.

Homeowners Meet; Will Elect New Vice-Pres.

JAMES PEYTON
Telephone: 532-1513

I have one sad bit of news to report this week, Leonard Bushen, president of the Tinley Gardens homeowners assoc. has asked to resign his position due to the fact that he is going to return to school in order to better qualify himself for advancement in the company he works for. He states that he is very sorry for having accepted the position and then having to back down but he feels that he must prepare himself for the advancement that is available. We are proud and happy for Leonard and hope that sometime in the future that he may be able to help in some capacity in the administration of the official duties in our community. We all regret this resignation, however, our vice-president, Ross Horton has graciously accepted the additional responsibility and after conducting one meeting has shown that he has what is necessary to fill this responsible job. Good luck to both of you and God bless

both of you for your efforts. The Tinley Gardens homeowners assoc. would like to extend an invitation to all of it's members (past and present and any who would like to be) to attend the next regular meeting Tuesday, May 7, at the Arbury Hills school at 8:00 p.m. for the purpose of electing a new vice president. All nominations will be from the floor and all nominees will be considered as Horton will need all the help that he can get to make this year a profitable one as many plans are already laid and some are even in the completion stage at this time.

As you all know the month of April is American Cancer Society month and during this month someone will call on you and discuss the work being done and also to receive your donation. Please help as much as is possible to stop this dread disease.

Many important matters were discussed at the last regular meeting of the Ar-

bury Hills boys baseball league, April 9, and a lot of effort is being made to make this a better organization also. Movies were shown however the ones that were supposed to be shown were not available at that time due to the rioting etc. They may be shown at a later date. Practice sessions have started and all boys are covered by insurance at this time.

We are happy to announce that David Sumner is recuperating rapidly from an appendectomy and also to announce that the reason you did not receive the newspaper last week was due to his illness. Sorry about that.

Remember that Saturday, April 27, is clean-up day in Tinley Gardens and all old junk will be picked up. Anything and everything that is not considered garbage will be picked up if you will put it out at the edge of the road in front of your house. All male help will be appreciated to help load this junk. Lets make this a real genuine clean up day including the vacant lots and the drainage ditches etc. so that we may be the cleanest in the area.

To those who did not participate in the school board elections all who were on the ballots were elected. In the Arbury Hills School Dist. Those elected were: Mrs. Gladys B. Peyton, Mr. Herbert Neumayer and Mr. Donald Munday. Congratulations to all of you.

Assessor's Mobile Office At Orland

Assessor P. J. Cullerton announced that the assessor's Mobile Field Office will be located at Orland Park Shopping Center, 143rd & Manheim Road, Orland Park, until May 4 for the convenience of home owners in Orland Park. The Mobile Field Office will be open Tuesday, Wednesday, Thursday, Friday from 9 a.m. to 5 p.m., and on Saturday from 9 a.m. to 1 p.m.

"Here, at the Assessor's Mobile Field Office, is a convenient opportunity for home owners and other real estate owners to review their assessments with our ex-

perts and make certain that their properties are being assessed properly," explained Assessor Cullerton.

Cullerton suggested that property owners bring along their tax bills showing the permanent real estate index numbers to facilitate the finding of their assessment records.

Quartered in a large trailer, the Mobile Field Office was created by Assessor Cullerton in 1961 as a convenient means for property owners to consult with the assessor's experts about their assessments.

Fire Damage To Barn Set At \$3,000

A fire of undetermined origin caused an estimated damage of \$3,000 to the barn owned by John Coghill at 143d and 84th Av. The alarm came in at 1:30 p.m. April 15. The Orland Fire Department sent three companies to the scene.

On the same date firemen extinguished a grass fire at 10401 W. 143d, and an inhalator squad took Robert W. Vickry, of 15037 Highland Av., to Little Company of Mary Hospital.

On April 17 William Kribs, of 15117 Willow Lane, Oak Forest, who was suffering from shock after an automobile accident at 143d and U. S. 45, was taken to Christ Community Hospital, Oak Lawn.

Last Thursday the department extinguished a fire in a dryer at the Laundromat, 143d and LaGrange Rd. There was slight damage to the dryer reported. Also on that date firemen extinguished a grease fire in the kitchen at 10234 Hibiscus Dr. Slight smoke damage was reported.

had other use for its money at the time or had lost its red suit and fluffy white whiskers because as far as is known there is no report of any response.

Now the Mokena Chamber of Commerce has come forward with a plan for the village to buy the property and make it over into a combined park and parking lot.

The Rock Island reportedly is asking \$19,000 for its end of the property and Sheldon Hauck, of New Lenox, who is said to have bought the west end of the tract from the railroad several years ago, is reportedly asking \$11,500 for his lot, which brings the total amount for the purchase of the land up to \$30,500.

At last week's village

board meeting the Chamber of Commerce proposed to put up \$5,000 to apply on the purchase while the village board would borrow the remainder on a mortgage and pay it off. The Chamber also proposed that it and the village arrange for improvement of the property at a cost of \$45,000.

The matter was referred to the village property committee for report.

Several weeks ago when the proposal was being discussed it was suggested by the Chamber that various organizations and agencies in the village participate in it. There was also talk of installing parking meters but it was reported that the Rock Island was opposed to any parking charge for commuters that would be in excess of 10 cents a day.

Open Letter from the HIRSCHS'

Dear friends,

A clergyman once said - it is a sad commentary on our society that too often people are in church only three times during their life and in two instances they have to be carried in and out.

This points up both the challenge and the difficulty which clergymen face in making the funeral service a meaningful religious experience and an inspiration and rededication for the survivors of the departed one.

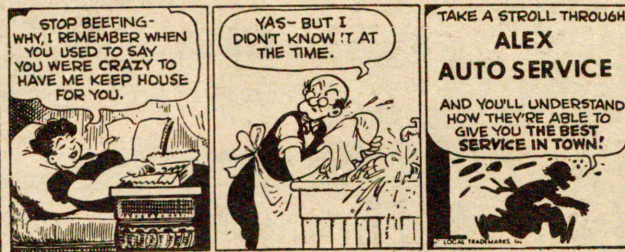

Respectfully,

Carl H. Hirsch

Sesqui-Expo Is Title Of Annual Scout Show

Judge Angelo Pistilli, Thunderbird District camping and activities committee chairman, announced today that the annual Scout Fun Show will feature Illinois Past - Present - Future, and be known as the "Sesqui-Expo" Show.

Robert Bryant, Material Service Corp. executive, has been appointed general chairman of the May 25 event, to again be held on the campus of Lewis College at Lockport.

Over 16,000 visitors are expected during the twelve hours between the official 9 a.m. and 9 p.m. opening and closing of the show, which will come alive thru

the actions of over 3,000 boy members of the Boy Scouts of America and their 1,300 adult leaders.

The brand new show will again be boy-powered and adult led. Action and fun are the key words to describe the nature of this annual Scout Show.

Illinois history, landmarks, and eras will be shown in a manner uniquely possible to a boys' organization.

Included will be early Indian life, explorers and fur traders, early settlers, a country store, a ghost town, old railroad days, early autos, river pirates, candle making, Paul Bunyon pan-

cakes, a one-room schoolhouse, the I&M Canal, fly tying, maps and compass use, pioneer camp gadgets, archery, nature, Plainfield history, rope making, cowboys and Indians, our early town (Bolingbrook), square dancing, hucksters, canoeing, state parks, obstacle race, "From Sewers to Streams", astronautics, Lockport and its locks, progress of Illinois cities, law enforcement, a coal mine, dutch oven cooking, and car-o-rama. The very popular "Buckin' Broncho", 100' monkey bridge, and giant fire-by friction set of last year will be back to thrill thousands of visitors.

The Great Lakes Naval Training Center Band will perform several times.

A luncheon is scheduled for noon in the Lewis College dining rooms at which

local, state, national and international personalities will be in attendance.

Tickets to the May 25 show will be \$1., and no additional charges will be made.

Proceeds from the annual Scout Show are used exclusively to expand the opportunity of boys to become part of an ever-improving program as a Cub Scout, Boy Scout or Explorer.

Unico Will Give \$1,000 Scholarship

Unico Scholarship time is here again when a high school senior boy or girl will be awarded a \$1,000 scholarship by the Joliet Chapter of Unico.

Applications must be submitted no later than April 29. Candidates will be judged on scholarship, financial need, activities, citizenship, personal traits and career planning.

Applications should in-

clude ACT scores, transcripts, letters of recommendation from teachers, and a personal letter from the student. Additional information may be obtained by calling Dr. Richard A. Tarizzo at 815-725-2600.

The winner will be presented the scholarship at the Unico "Citizen of the Year" banquet May 18, at D'Amico's 214, Joliet.

Will-South Cook Soil Offers Plant Guide

The Will-South Cook Soil and Water Conservation District has a new publication, "Conservation Plantings - Invite Birds to Your Home". Plants listed in this brochure are pleasing both to birds and to the human eye. In addition to landscaping values, places are provided for birds to feed, sing and nest, in the suggested plantings.

Colorful illustrations are

shown of shrubs, trees and vines. Complete descriptions are given for each variety, in regard to bird use, ornamental values, adaptations, blooming season, fruit season and sources of planting stock. A diagram shows the height and shape of the varieties recommended to attract birds.

Single copies of this brochure are available on request from the local soil and water conservation district office, 100 Manhattan Road, Joliet. Further information is also available there on plants and conservation methods. The Soil Conservation Service, as part of its assistance to the conservation district, helps individual land users apply many soil and water conservation practices that increase wildlife.

Arbury Hills

Building Contractor Guest At Assoc. Meet

MRS. EDWARD HOVI
Telephone: 479-5740

The Arbury Hills civic association will have a general membership meeting at the school on Tuesday evening, May 14, beginning at 8:00 p.m.

In accordance with the last ammendment to the by-laws of the organization, the May meeting will be the election meeting. The floor will be open for nominations for all offices at the meeting. The only requirement for either voting or for candidacy is membership in good standing in the civic asso-

ciation.

The meeting itself is open to the public and should prove of interest to all those who live in Arbury Hills, since there will be a guest following the meeting. Mr. Luetgert, a building contractor, who will begin construction on four model homes in Arbury Hills within the next two weeks, weather permitting.

The models will be completed within ten weeks from starting date.

Mr. Luetgert will be prepared to explain his plans to the people, and will be

willing to answer the questions of the group.

-o-

Don't forget that the annual trash pick-up by the civic association will be held this Saturday, April 27. At this time you may put out all your miscellaneous junk gathered since the last year's pick-up.

You are asked to have the items to be picked up at the curb early Saturday morning so that you will not be missed.

Since the civic association will have to pay the scavenger for this pick-up service, the service will be limited to members only. The men on the truck will have a list of members names to enable them to be fair in their collection.

Membership is on a family basis with the cost being \$3.00 per year. This includes both husband and wife. The money also includes a free auto decal to show that you are a resident of Arbury Hills.

If you have not been con-

tacted as yet, or have changed your mind about purchasing membership in the organization, please contact Mr. Joe Farnham at 479-9354 or Mr. Gordon Brosmore at 479-9329 before Saturday.

If you have any especially bulky or heavy items to be disposed of, please lend the men some assistance with the loading of the item, if the man of the house is at home.

-o-

Since the civic association meeting will be held at the school on Tuesday, May 14, which is the regular meeting date of the Arbury Hills boys baseball league; the baseball league will hold its May meeting at the school on the next evening, Wednesday, May 15, beginning at 8:00 p.m.

The boys of the baseball program spent last Saturday morning cooperating with the civic association on their junk cleaning party in the empty fields around Arbury Hills. Now how about the residents following suit and pick up the assorted papers and cans which have a tendency to collect in yards from our ever blowing wind.

Because the boys are now experts at picking up trash, they are going to police the baseball fields for the accumulation of debris built up since last season. This time, though, the fathers are asked to join in the fun and be down at the ball field this

Saturday morning at 10:00 a.m. with their sons and a rake to help in preparing the fields for practice.

With the opening day parade less than one month off, on Sunday, May 19, the boys are getting anxious for their practice sessions.

The boy scouts of Arbury Hills are scheduling their annual fifteen mile hike for this Saturday also, weather permitting. Wish you lots of

fun boys, and no blisters. Make sure your shoes are comfortable for hiking.

Debbie Juric, daughter of Mr. & Mrs. Dave Juric on Hickory St., had a no birthday party for some of her friends last week. Too bad the weather was rainy and forced the party to remain indoors.

The next meeting of the First Nighters will be held at the home of Mrs. Tom Anderson on Rosewood Lane, on next Thursday evening, May 2, beginning at 8:00 p.m.

P.O. Offers Curb On Offensive Mail

The post office department now offers the public an opportunity curb the use of mail by the smut peddlers.

The courts have been lenient with this tribe but there is a new law now under which a family or individual receiving pandering advertisements thru the mail can take steps to stop it. Under this statute the receiver of such ads has the right to decide if it is "erotically arousing or sexually provocative."

When an advertisement sent thru the mails is offensive on these grounds, a postal patron can now ask the post office to direct the mailer to send no more mail to him and to remove immediately the patron's name from all mailing lists he owns, controls or rents.

To assist patrons, the post office department has published a brief pamphlet - "How You Can Curb Pandering Advertisements" - now available at the Orland Park, Mokena, New Lenox and Frankfort post offices. A form letter one can use

in sending his complaint to the post office is included with the leaflet.

In filing his complaint a patron must send the ad, its envelope, and the form letter or one which includes its language, to his post office with the words, "Request for prohibitory order" on the face of the envelope.

It has been pointed out that this process of curbing pandering mail could be a slow one. If the mailer does not strike the complainant's name from his mailing list, and the patron receives a second mailing 30 days after firm has received the pro-

hibitory order, he may bring the matter to the attention of the postmaster issuing the order by writing him and enclosing the second pandering ad. If the mailer still fails to respect the order, the Postmaster General, may ask the Attorney General, to apply for a federal court order directing compliance. Failure to heed such a court order could bring action in the form of fine or imprisonment, it was said.

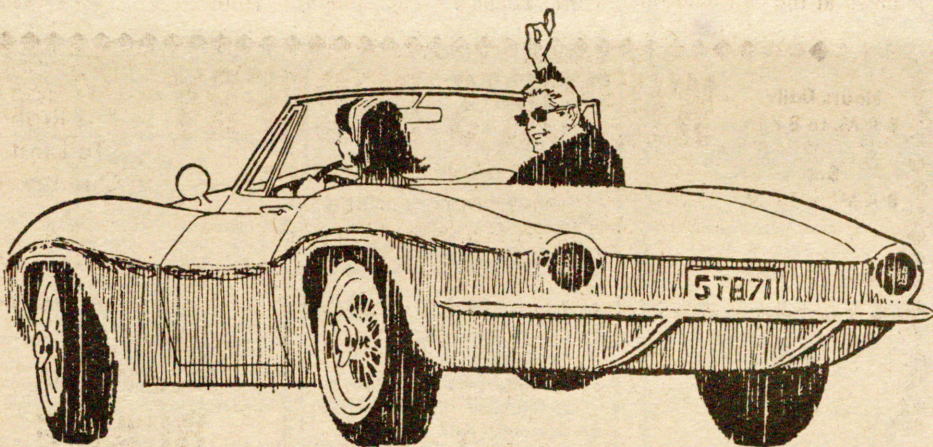

Last year the post office department received some 140,000 complaints from those offended by pandering advertisements.

Seek Improvement In Mail Service

A new organization with the aim of improving postal service is to be formed in south suburban Cook County, Regional Director Donald L. Swanson announced today.

"Mail service is a vital part of the operation of almost every business or other organization in this area," Swanson said. He added, "These organizations owe it to themselves to find out how they can get the most out of the postage they pay and how they can get the best possible service."

The new group will be the South Suburban Mail Users Council. It will be comprised of mailers, community, government and civic leaders in fourteen South Suburban communities including:

Chicago Heights, Midlothian, Harvey, Oak Forest, Blue Island, Orland Park, Calumet City, Park Forest, Homewood, Richton Park,

Lansing, South Holland, Matteson, and Tinley Park.

An organizational meeting for the new South Suburban Council was held last week at Surma's Restaurant in Homewood, Ill. Attending the meeting were the postmasters of the fourteen communities and one major mailer who serves on the executive committee of the newly formed Mail Users Council.

Postal authorities described the Nationwide Mail Users Council program one of the most effective ways of providing immediate improvement in mail service. More than 32,000 business and others serve on Mail Users Council in over 417 communities across the country.

The meeting last week made plans for organization of the council and for holding a general meeting of all members of the Council sometime later this spring.

Electric heat has other things going for it, too. Like flexibility, cleanliness, economy of installation, silence, trouble-free operation, odorlessness, and five different types of systems to choose from.

All of which adds up to keeping your home bright and modern for many years to come. And electricity is making it possible. Check into electric heat... the modern heat.

IN MEMORIAM

In loving memory of my beloved
Father Fran Kromryk who
passed away April 25th, 1966.
What is home without a father,
Never, never the same,
There's no name as sweet as
father.
How I love to call his name.
My heart still aches with loneliness,
My eyes shed many a tear,
Only God knows how much I miss
him,
As it ends the second year.

Suburban Valuations Up -- Pass \$4.5 - Billion Mark

The continued growth of suburban areas in Cook county was reflected in a report issued today by Assessor P. J. Cullerton on the 1967 totals of real estate assessments throughout Chicago and the county.

Cullerton's report showed that real estate assessments increased \$191,169,819, or 4.42 per cent, to a new 1967 total of \$4,514,212,332, in the 30 suburban townships of Cook county from a previous 1966 total of \$4,323,042,513.

For the city of Chicago, which consists of eight townships real estate assessments increased \$64,554,812, or 1.09 per cent, to a 1967 total of \$5,976,736,712 from a 1966 total of \$5,912,181,900.

Cullerton reported that the grand total of 1967 real estate assessments for both Chicago and the suburban areas showed an increase of 2.5 per cent over 1966. The new 1967 grand total is \$10,490,949,044, as compared with \$10,235,224,413 in 1966.

Cullerton's figures represent the basic real estate assessments after revisions by the county's board of appeals, but before application of the state equalization factor. For this year's property tax bills, the basic assessments have been multiplied by a state equalization factor of 1.44, as specified by the state revenue department.

"The increase of 4.42 per cent in real estate assessments in the 30 suburban townships is the result of the continued construction boom in the suburbs," said Cullerton.

"This construction boom includes new homes, new apartment buildings, and new commercial and industrial structures," he explained. "This construction also has been accompanied by an increase in the assessment of land, inasmuch as more land is being converted to a higher degree of use."

Cullerton also explained that the construction boom, as indicated by the rise in real estate assessments, has been the most pronounced in the north and northwest suburban areas and in the south and southwest parts of the county.

In nine south and southwest townships, Cullerton explained that real estate assessments increased 5.8 per cent to a 1967 total of \$1,043,113,108 from \$988,842,312 in 1966. This area, consisting of approximately 285 square miles, includes the townships of Lemont, Palos, Worth, Calumet, Orland, Bremen, Thornton, Bloom and Rich.

In a third general suburban area, consisting of ten townships in the west part of the county, real estate assessments increased 2.5 per cent to a new 1967 total of \$1,568,190,260 from a 1966 total of \$1,529,137,310. This area, with approximately 130 square miles, includes the townships of Lyons, Stickney, Cicero, Berwyn, Riverside, Proviso, River Forest, Oak Park, Norwood Park, and Leyden.

In terms of dollar evaluation, the largest real estate assessment increase for a single township, Assessor Cullerton said, was for the township of Thornton. The new 1967 total for Thornton

township is \$302,471,855, which is \$20,590,424 or 7.3 per cent, greater than the 1966 total of \$281,881,431.

Elk Grove township ranked second as having the largest dollar increase in real estate assessments for the

suburban areas. The new Elk Grove township total is \$179,401,536, which is \$19,375,600, or 12 per cent, higher than the 1966 real estate assessment total of \$160,025,936.

From the standpoint of percentage, Schaumburg

township had the greatest increase in real estate assessments among the suburban townships. For Schaumburg township, real estate assessments rose 20 per cent to a new 1967 total of \$63,119,582 from \$52,419,677 in 1966.

Of the suburban area, the township of Niles, with a 1967 total of \$393,114,035, has the greatest real estate assessment total of the 30 townships. In second place is Maine township with a 1967 total of \$316,767,172.

Within Chicago, all of the

eight city townships contributed to the 1967 increase of \$64,555,812 in real estate assessments, with the exception of the west side township of West Chicago, which showed a decrease of \$9,112,103 in assessments.
